

# WEDA W50 ST3A

*Our New addition with programming options*

Weda W50 is a compact cleaner with a high cleaning capacity, with rotating brushes and a pump that delivers 600 liters per minute. It can be equipped with a discharge hose outlet for removal of all sedimentation independent of size.

The W50 ST3A offers the possibility to make cleaning programs for three individual pools.

Each program allows for programming of the following functions:

**Run time** - Total cleaning time in minutes

**Push-up** - Time against the wall before changing direction

**Overlap** - Turning angle at each turn

**Mirror** - Mirrors the pattern when approaching a side wall

**Distance** - Overrides the sensors. Sets the time for an automatic turn

## Standard equipment

The W50 cleaning unit  
Control box  
Filter bag 120 micron  
Power supply cable 2 meters  
Radio remote control  
Umbilical (floating cable), 30 meters

## Optional equipment

Beach control- reverse function if moving out of pool  
Discharge hose connection  
Filter bag 50 micron  
Umbilical (floating cable), 40 meters

## Technical data

Weight in air: approx. 28 kg  
Weight in water: 12 kg  
Dimensions (LxWxH): 65 x 50 x 30 cm  
Suction capacity: 600 l/minute  
Speed in automatic mode: 0,3 m/second  
Mains voltage 1-phase 50/60Hz: 110/230 V  
Max. power output: 1.1 kW

## *Our business - underwater cleaning technology*

WEDA offers a wide range of cleaners for small and large drinking water reservoirs, various types of filters and sedimentation basins. WEDA, formed in 1919, is a Swedish company with headquarters in the town of Södertälje, south of Stockholm. WEDA products are available worldwide through a global network of distributors and Weda subsidiaries in the US and Germany .
